RESEARCH EXPERIENCE

The Relation of Government Governance and Financial Market 2019.07 - 2019.10
Data mining and Analysis *Shanghai*

- I mainly took part in the mining process of Leagal Judgement data, and I combined them with other databases such as the database of industry and commerce, to do the analysis process.
- In three months, I constructed a distributed crawler system and have utilized it to obtain over 40 million Leagal Judgement data. After that, I assisted my tutor to analyse the effect of government judgement to financial market using the obtained data.

LEADERSHIP EXPERIENCE

SEIEE Volunteer Team 2018.12
Vice Minister Publicity Department *Shanghai, China*

- From 2018 to now, I have participated in many volunteer activities, such as Shanghai International Marathon Volunteer, Shanghai International Half-marathon Volunteer, QiYin School for Deafmutes Volunteer, Volunteer for the "Study Experience Sharing" activity in Affiliated High School of SJTU, Volunteer for the 123th Anniversary of SJTU, etc.
- November, 2018, I was chosen to be the team leader of international student volunteers in Shanghai International Marathon Volunteer activity due to my good master of English. I successfully led them to accomplish the work.
- From December, 2018 to now, I serve as vice minister of Publicity Department in SEIEE Volunteer Team and am in charge of the propaganda work of volunteer activities.
- April, 2019, I spent 10 days leading the members in my department to direct and make the propaganda film of Shanghai International Half-marathon Volunteer activity.
- November, 2019, as the director, I spent 12 days leading my team to make the propaganda film of 2019 Shanghai International Marathon Volunteer activity.
